SCHEDULE OF VOTES

The following vote schedule on prepaid subscriptions will prevail throughout the Contest. New and Old subscriptions will count the same in votes.

Three Months Carriers	\$1.25	Mail	500	Votes
Six Months Carriers	2.50	Mail	1000	Votes
Twelve Months Carriers	4.00	Mail	2000	Votes
Five Years Carriers	20.00	Mail	10,000	Votes

Any Combination of Three, Six or Twelve Months Making Five Years, Will Call For 50,000 Votes.

Should the contest close today would you be a winner? Here shows winners of prizes should this contest close today.

First Grand Prize—Dodge Auto	Mrs. Hattie Traub	125,717
Second Grand Prize—Building Lot	Mrs. Lillian Carlson	124,994
First District Prize, District 1	Miss Gladys Champion	119,722
Second District Prize, District 1	Miss Lillian Carlson	112,941
Third District Prize, District 1	Mrs. Lillian Carlson	106,556
Fourth District Prize, District 1	Mrs. Lillian Carlson	90,416
Fifth District Prize, District 1	Mrs. Lillian Carlson	73,114
Sixth District Prize, District 1	Mrs. Lillian Carlson	60,416
Seventh District Prize, District 1	Mrs. Lillian Carlson	50,000
Eighth District Prize, District 1	Mrs. Lillian Carlson	40,000
Ninth District Prize, District 1	Mrs. Lillian Carlson	30,000
Tenth District Prize, District 1	Mrs. Lillian Carlson	20,000

Miss Hattie Traub votes 15,000 today and stands second in her district.

Vote up tonight for Monday's paper. The standing in the paper will not change all next week.

Both districts are bidding for the top prizes in this contest in about equal strength, with district No. 1 having the largest number of real active live candidates. Those in district two who have an eye on some of the district prizes had better wake up, for the district prizes in this district are anywhere for a very little exertion. Just see what a difference a few subscriptions would make in the standing of these candidates.

The live candidates are on the lookout for subscriptions and votes and will give a good account of themselves when the time comes. The only anxiety on their part is to see that some close competitor for the prizes does not beat them during these seven days.

SECURITY IS IMPORTANT. It is very important that you let no one know how you stand from now on, because it would weaken your chances materially if another candidate who is trying for the Dodge Touring Car or Building Lot should find out how strong you were. Secrecy at this time is very important to all concerned.

BLIND VOTING NEXT WEEK. The voting all next week will be "blind voting" for the ballot box will be in the care of a notary public who will hold the keys there.

DISTRICT No. 1
All that territory lying South of Macdonald Avenue, including Point Richmond, Stege, Pullman and El Cerrito.

Miss Lillian Carlson	124,994
Miss Gladys Champion	119,722
Mrs. Lillian Carlson	106,556
Mrs. Clara Pease	90,416
Miss Eleanor Browning	73,114
Mrs. Nellie Fowler	60,416
Mrs. James Pope	50,000
Miss Besie Donnelly	40,000
Miss Corine Brown	30,000

DISTRICT No. 2
All that territory lying North of Macdonald Avenue, including San Pablo and Giant.

Mrs. F. Haffner	125,717
Mrs. Hattie Traub	112,941
Miss Florence Motson	106,556
Miss Eleanor Browning	90,416
Miss Goldie Dittmore	73,114
Miss Mary Davidson	60,416
Miss Helen Forbes	50,000
Miss Lucile Kister	40,000
Mrs. J. E. Gardella	30,000

and no count of votes will take place until the closing hour. No one can know what the ballot box contains.

After tonight you can place all your reserve votes in the Ballot Box, and get out after more. Turn in your subscriptions as soon as you make up a club for it will save time and work on the closing night.

MEN DRAFTED TO CUTTING TURNS FILL UP UNITS OF THE ARMY

The quota of men in the president's last call to be supplied by this city have been designated by the local exemption board. For this draft the nation will furnish 150,000 men and Richmond's allotment will be but thirteen and these will be sent to Fort McDowell, on Angel Island to help fill up regular units, instead of the cantonments, as is the usual practice. They will be sent out between the 1st and the 10th of the month.

The list of men designated by the draft board for this, but it will be the policy of the board to give preference to any of the men who may be left over from the contingent going to American Lake on the evening of the 30th of April.

N. D. G. W. PLAN CABERET PARTY ON TUESDAY
The cabaret committee of the Native Daughters held a special meeting last night at the home of Mrs. B. King to make the final arrangements for the huge cabaret that they will hold at Pythian Castle next Tuesday evening, April 23.

Arrangements were made to have the following entertainers present: Miss Carrie Ellsworth and ballet troupe, composed of her pupils. Songs by the Peerless Quartet, composed of Jack Crow, Jack Walker, Al Ashcraft and Roy Patterson. Vocal solos by Bessie Campbell, Jack Crow and Roy Patterson. Dance by Eleanor Hart, Miss Hazel Dunkin will be the accompanist. Then there will be dancing and serving of delicious menus by the ladies. The committee of arrange-

LECTURER AND MAY RUN FOR CONGRESS IN 6TH DISTRICT

Henry C. Cutting has taken to the lecture program. He also aspires to a seat in Congress.

In order to further some reforms, financially and otherwise that he believes are vital to the nation, the well known land operator and chief factor in the Point Richmond Canal and Land company, will devote his time henceforth to lecturing that he may establish his propaganda.

Richmond citizens are all invited to hear Cutting next Friday night in Oakland. He will deliver an address at Lincoln Hall, 411 Thirteenth street, beginning at 8 o'clock. Many prominent people of that city have promised to attend.

While he declared being a socialist, Cutting spoke last Sunday night at the regular Socialist gathering at 1294 Market street, San Francisco and was well received. That he is an orator of ability, all his hearers admitted, but the questions that were hurled at him after he had closed showed that the audience had ideas of their own on these subjects and wished further explanation of many statements. Cutting had made. He pleased his hearers to such an extent though, that he received a warm invitation to deliver another address in the hall.

JOHNSTON MOVES TO SUPPRESS VICE DENS

MARTINEZ, April 23.—Complaints and petitions for temporary injunction were filed late yesterday afternoon by District Attorney Johnston against the Grand Central Roadhouse at El Cerrito and the alleged red light house at 119 Contra Costa street, Richmond. This action was taken following the filing of affidavits Thursday by the Law Enforcement League charging that vice conditions in the Western end of the County were very bad.

District Attorney Johnston asked for a temporary injunction to close the places named above and at the court hearing he will introduce the evidence claimed to be in the possession of the Law Enforcement League and ask that the injunctions be made permanent.

TRIBESMEN AND LADIES HAVE SOCIAL TIME

The Oneida Tribe of Pocahontas enjoyed a very pleasant evening Wednesday night when they were entertained by the Oneida Tribe of Redmen.

GEORGE FLEET ATTEMPTS TO BREAK AWAY FROM THE HOSPITAL

MARTINEZ, April 20.—George Fleet, the prisoner who tried to escape from Constable Charles Palmer Thursday afternoon and was stopped by a bullet from the officer's revolver, will recover from his injury. As it turned out the wound was a superficial one, penetrating the back on one side and did not enter the cavity of the body at all.

Fleet was taken to the county hospital for treatment and the next night made an attempt to sneak out of that institution. When the attendant of the hospital was out of the building he tried to get away and was only prevented from making another getaway when an officer arrived from the sheriff's office and chained his leg to his crotch.

Investigation Friday disclosed the fact that Fleet had just completed a 30-day sentence in Oakland for disturbing the peace in Berkeley, when he was brought here from Folsom to serve his months for petit larceny. On the first day of his incarceration here he attempted to make his get-away while working in the chain gang. He will be charged with burglary for entering the home of F. W. Ayer in Escobar street and stealing many articles of value after shaving with Ayer's razor, dressing himself in a suit of Ayer's clothing, even to the collar, tie and scarf pin, and partaking of a light lunch purloined from the cooler. Fleet attempted to escape from Palmer at Ayon where he was caught.

LADIES AID WILL BENEFIT THE RED CROSS
Next Monday from 12 until 1:30 o'clock, the Ladies Aid Society of the First Methodist Episcopal church will serve their luncheon in the lunch room near the Standard Oil works on Standard Avenue for the benefit of the Red Cross. The ladies have prepared a special menu and all who call for their lunch there at that time will be agreeably surprised.

SITUATION ON BATTLE FRONT CLEARLY IN HANDS OF THE ALLIED ARMY

WASHINGTON, April 20.—The German drive has been effectively checked and the tide of the world's greatest battle has turned members of the Senate Military Affairs Committee declared this afternoon upon their return to the capitol after their weekly conference with the war council. The committee manifested a feeling of vast encouragement over the whole war situation. Their attitude was in sharp contrast to their depression after last week's conference with the war council.

PARIS, April 20.—German troops last night launched a raiding operation against the French lines in the region of Haneard-en-Santerre, southeast of Amiens. The effort was a failure, the war office announced today. The French took prisoners in this local action. The artillery has been active along the southern battle line between Lassigny and Noyon.

THE WISE ACTION OF AMERICANS

It is announced that American soldiers are to be rushed from the training camps of this country to the battlefields of France, where they will be mixed with the British and French trained units.

American pride would prefer to see the American fighting under the Stars and Stripes, but if he can give better service in "canning the kaiser by fighting under the Union Jack or the Tri-color, that is where he belongs.

It has been shown over and over again that raw troops, mixed with veterans, can fight as well as veterans, or nearly so. The training is faster and more effective than is possible in the best training camp, where all the trained are raw and the only experienced men are the trainers. Men learn from each other, by seeing and doing, and even a militiaman is steady under fire when he is at the side of a veteran.

There is still another phase of the matter which must not be lost sight of. Except for the money and the foodstuffs we have supplied to the allies and the moral encouragement we have given them and the aid our destroyers have rendered in combating the submarines, we have done appreciably nothing.

While we have been of incalculable service in the things enumerated—that we have been incessantly slow breaking down financially and for lack of supplies—our great nation must do its bit—a huge bit—on the battlefield.

That we should have done more during the twelve months we have been at war, no one will deny. First it was delays in the supply of arms and clothing, then it was delay in the shipbuilding program, now we have been incessantly slow in the manufacture of airplanes.

But all of these things are being remedied, and while the arrival will be a belated one, some time in the coming twelve months a mighty war machine will be hurled against the enemy, and it will be under Old Glory.

But, until that time comes, the best thing to be done is what President Wilson is doing now: Sending American soldiers to be mixed in with the trained units of the French and British, Greater man-power must be had on the western front just as quickly as it can be sent there.

THE WAR, THE FARM AND THE FARMER

By Herbert Quick
Member Federal Farm Loan Board

The farmer everywhere loves peace. The American farmer, especially, loves peace. Since the dawn of history, the farmer has been the man who suffered most from war. All that he possesses lies out of doors in plain sight and is spoil of war—his house, his grain, his livestock. The flames that light the sides in the rear of every invading army are consuming the things that yesterday represented his life work, and the life labor of past generations.

Everywhere the farmer is a warrior when war is the only thing which will make and keep him free. He cannot rally to the colors as quickly as can the dwellers in the cities, because it takes longer to send to the farms the call to arms. It takes longer to call the farmers from the fields than the city dwellers from the shops. Many do not hear the first blast of the trumpet. Others do not see the smoke and stand its meaning because they have not had the time to talk the matter over with their acquaintances. Instead of reading half a dozen extra days, the farmer may read weekly papers only. He must have more time in a sudden emergency to make up his mind.

It is impossible to set the farmers of the United States on fire by means of any sudden spark of rumor. But when they do ignite, they burn with a slow, hot fire which nothing can put out. They are sometimes the last to heat up but they stay hot. In a long fight they are always found steadily carrying the battle across No-Man's Land in the last grim struggle. The American farmer will give all that he has and all that he is to win this great war against war.

This war was at first hard to understand. No armed foe had invaded the United States. The night skies were not reddened by burning risks and farm houses. No raiding parties rushed in on our cattle or horses. No saboteurs snatched our women. It seemed to many of us that we were not at war—the thing was so far off. We did not realize that a giant war had become a monster with a thousand arms that could reach across the seas and take from us three-fourths of everything we grew. But finally we saw that it was so.

If the imperial German government had made and ordered an order that an American farmer should leave his

own land, haul grain or drive stock to town, it would have done only a little more than it accomplished by its inactivity. Against the freedom of the sea. What was the order against which we rebelled when we went into this war? Look at the condition of the American farmer in the latter part of 1914 and the first half of 1915 and see.

When the war broke out, through surprise and panic we partially gave up the use of the sea as a highway. And the farmers of America, foodstuffs, I know an old farmer who sold his 1914 crop of 25,000 bushels of wheat for seventy cents a bushel. Farmers in the south sold their cotton for half the cost of producing it. All this time those portions of the world whose ports were open were ready to pay almost any price for our products. When finally we set our ships in motion once more, prosperity returned to the farms. It never returned to the farmers of those nations which remained cut off from ocean traffic.

Take the case of Australia. There three crops have remained unsold on the farms. No ships could be spared to make the long voyage to Australia. So in spite of the efforts of the Government to save the farmers from ruin, grain has rotted in the open. Millions of tons have been lost for lack of a market.

Such conditions spell irretrievable disaster. Such conditions would have prevailed in this country from the outbreak of the war until now if our Government had not first resisted with every diplomatic weapon, and finally drawn the sword.

Why did we draw the sword? To keep up the price of wheat and cotton, and to protect trade only? If someone should order you to remain on your farm, and not to use the public highways, would your resistance be based only on the fear of loss in profits from failure to market your crops? By no means! You would fight to the last gasp! Not to make money, but to be free!

When a man is enslaved, all he loses in money is his wages. But the white man has never been able to accept slavery. He has never yet been successfully enslaved. There rises up in him against servitude a resentment so terrible that death always is preferred.

YOUR MONEY OR THEIR LIVES.

NOTICE TO VOTERS

A new and complete registration of voters is required by law during the year 1918.
Registration closes for the purpose of voting at Municipal Elections in towns of the State, on March 6th, 1918; for the purpose of voting at August Primary Election, on July 27, 1918; for the purpose of voting at the General Election, on Oct. 8th, 1918.

Your hiding dollars are traitors to that flag—

Do you remember, even from your earliest school days, the many parades, the soldiers in uniform, the bands playing those stirring marches—and then, along came the flag. How it did thrill you! And how the very love for that flag filled your heart; your eyes became moist; you saw visions of glorious things. You loved that flag; you would fight to honor it—aye, die to preserve it,

IDLE DOLLARS! SHAME!

Drop by drop falls blood, human blood—the warm, healthy blood of a nation, running its course o'er foreign fields to satisfy the battle lust of hate. Dare you allow your dollars to lie idle, while even at this moment, brave American lads offer their blood as a sacrifice—fighting nobly to preserve for you and for me the very foundation of our republic?

Your nation calls and you must answer!

Idle dollars! Shame!

Silver, gold—your very possessions, must be loaned—not given—loaned to the safest institution in the world—your own United States.

If in your veins flows true American blood with its right of "do or die," then march your dollars to the nation's call.

LIBERTY BONDS

Are United States Government Bonds. They bear interest at a rate higher than earned by any other class of Government bonds. They are in denominations ranging upward from \$50 to suit the convenience and the finances of every American who wants to help his country. If you are willing to help your country any bank or trust company will help you by accepting your order and arranging terms of payment without the imposition of any commission or charge for its services.

Stomach Trouble Cured

Oakland, Oct. 2, '17
My stomach was my master for many years. I had a clerk in the office of the department of the S. P. Co. and after every meal I had an annoying, grating sensation, together with an empty feeling in my stomach.

Through lack of nourishment my health was broken and I was in a hospital for several weeks. The doctor first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation.

Then a fellow employee who had received a great benefit by drinking the FONG WAN CHINESE HERB tea suggested that I try them.

The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

CHICHESTER'S PILLS

Relief and Cure for Constipation, Indigestion, Headache, Nervousness, Biliousness, and all ailments arising from irregularity of the bowels. Sold by druggists everywhere.

Headed with an act of singing and dancing by two very pretty girls, the Mack Sisters, the vaudeville and picture program at the Richmond Theater tomorrow promises to be one of great attractiveness.

Manager Dan Reardon says that this act is one of great popularity on the big circuit and is sure to prove a stellar performance on the Richmond Theater stage.

A feature of the act will be the pretty costume changes which will be adopted by the handsome and graceful dancers.

There will be interesting and amusing acts by Rose and Gibson, the famous blackface comedians showing something different; the Champion Duo, artists on the piano with singing and comedy; Bert Wiggins, the comedy juggler whose acts is a series of screams from start to finish and is certain to amuse young and old.

On the picture program will be Corinne Griffith in the Vitagraph feature, "The Menace," which touches a most instructive and interesting problem of heredity and a Pathe News.

Friday, April 26th, 1918 has been designated by President as Liberty Bond Day. A committee is working on plans for the observance in Richmond on that day and will announce details later.

Thursday evening at the Circus, Wilbur Pierce addressed the audience on Liberty Bonds, while City Attorney, D. J. Hall spoke at the T. & D. Theater. Last evening there were talks in all of the local theatres.

It is reported that the men in one department in a local plant threatened to strike unless one of their fellows workers who refused to buy a bond either bought or left the department. "Richmond is not a happy place today for the man who does not buy a Liberty Bond."

It is reported that 97% of the platform men of the San Francisco-Oakland Terminal Railway in Richmond have bought Liberty Bonds totaling over \$5000.00. Reports from practically all local factories indicate that the people of Richmond are all taking a decided interest in the campaign.

Special committees of men are at work in different sections of the town soliciting Liberty Bond subscriptions.

Every day is the right time to buy Liberty Bonds between this time and the close of the campaign on the 4th day of May, so you do not have to wait until next Friday to secure your allotment, but this will be a day for a specially hard effort to boost the quota for Richmond a long way over the top. We are trying for a round half million dollars for the city and it is up to everybody to help in every way they can.

More PORK WANTED TO HELP WIN THE WAR

The people of Contra Costa are going to respond to the call of the nation for more pork products to help win the war. Many of the large farmers in the central and upper end of the county are going into the hog business on an extensive scale and there will be a large surplus of hams, bacon and lard to dispose of within the next year.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

CHICKENS APPEAR IN LOCAL MARKETS

Chickens have again made their appearance in the local markets. For a period of several weeks there have been a dearth of chickens, on account of the government embargo on killing the fowls. However, all that is now over with—for the present at least and you may now enjoy your roast, baked, or fried chicken as of yore.

Big Eaters Get Kidney Trouble

Take Salts at first sign of Bladder irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy; full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used to generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because no body can make a mistake by having a good kidney flushing any time—when the weather is bad, get from Advt.

SOME INTERESTING BOOKS AT THE PUBLIC LIBRARY

The Library has recently purchased an important reference work which is of special interest at this time. It is the *Lowther Encyclopedia of Practical Horticulture* written with special reference to the raising of fruits and vegetables on the Pacific Coast. The amateur as well as the professional gardener will find it helpful.

AMERICAN PICTURES AND THEIR PAINTERS (Coyne). "On all sides there is an awakened interest in American Art." Miss Bryant's books provide a working basis for the appreciation of American Art. She traces the career of the leaders beginning with Ben. West and indicates their standing in the great world of art.

ARMY AND NAVY UNIFORMS AND INSIGNIA (Williams). Gives complete information on how to know rank, corps and service in the military and naval forces of the United States and foreign countries. Well illustrated.

BOLSHEVSKI AND WORLD PEACE (Trotsky). Leon Trotsky's own statement of his ideas and views on which have been founded his policy toward the war, peace and the revolution.

THE COMMUNITY THEATRE (Burleigh). We have much to expect from the community theatre when it comes to be established in every American community. Miss Burleigh tells what has been done along this line and how to organize in your own town.

CRUMPS (Koenig). The plain story of a Canadian cartoonist who went to the trenches and became a first-class machine-gun officer.

FIRST CALL (Empey). No need to say a word for this new book by the author of "Over the Top." His first chapter is to all Americans, the second to the mothers of the men who go, and the remainder of the book is for the men themselves.

yes to serve as guide posts to Ber-

GREEK AND ROMAN MYTHOLOGY (Tatlock). A new mythology which will prove popular with the younger students and the general readers on account of its simplicity of language and clearness of arrangement.

THE INFLUENCE OF JOY. We all have a right to happiness, and those of us who would take advantage of this right and so live long and achieve, will want to read what Prof. Dearborn has to say about the hygienic and therapeutic sanctions of organic happiness.

MARY DAWSON GAME BOOK. Pleasant games are an addition to any entertainment whether for the young or old. You will find them in this book suitable for entertainments of every description and for all ages.

THE MOTHERCRAFT MANUAL (Read). An important book which goes farther than the ordinary book on the care of children and in addition to the physical care devotes much space to the intellectual development of the little child through proper toys, games and stories in the home.

POTMAN'S VEGETABLE BOOK (Croy). Lists in alphabetical order the well-known vegetables and tells how to plant, cultivate and harvest them, with some general chapters on soil and fertilization, insects, and sprays, etc.

THREE MANY YEARS (Mathews). Reminiscences of Brandis Mathews having mainly to do with his many friendships among literary and stage folk, and culled by their stories and conversation.

TWO YEARS IN THE FORBIDDEN CITY (White). Court life in Peking during the reign of the famous Empress Dowager as told by her first day in waiting—the

"WHAT BRITISHER OR CANADIAN," ASKS COL. DENNIS "IS WILLING TO BE A MAN WITHOUT A COUNTRY?"

"You can camouflage a gun or a battery in this war so that it can't be discovered. But after the war there won't be any camouflage clever enough to cover up a Britisher or Canadian of military age in the United States who has not volunteered to go back to England or to Canada after the war is over. They will then be in a very peculiar and unpleasant position—they will be 'Men without a country.' What will their reception be if they attempt to go back to England or to Canada after the war is over? 'Every one will know that they declined to do their duty by the United States until forced to do so, and that they refused to help their own kin in Canada and Great Britain in this titanic struggle for a civilization worth having.' Great Britain, Canada, New Zealand, Australia, South Africa, India and other British possessions have not hesitated to make great sacrifices, why should a Britisher or Canadian in this country, living in the midst of plenty refuse to do his part? If these Britishers and Canadians wait to be drafted they will not improve the Allied fighting power at all, because each one who is drafted in the United States will merely take the place of a citizen of this country in the draft. In these days it will be well for Britishers and Canadians in the United States to read 'The Man Without a Country,' and to recall Scott's lines: 'Breathes there the man with soul so dead, Who never to himself hath said, 'This is my own, my native land'?"

SMALL AUDIENCE GREETED EXPERT ON EFFICIENCY AT MEETING HELD LAST NIGHT

Merchants of Richmond are not overly enthusiastic on matters pertaining to efficiency, judging from the small audience which greeted W. J. Burns, the efficiency man from the National Cash Register Co., of Dayton, Ohio who came here at the invitation of the Chamber of Commerce and the Merchants Association to give them the benefit of the wide experience of his company in the art of selling merchandise. It is a matter of deep regret that so few turned out to hear Mr. Burns, for he really had a message worth while to impart to the business men of the city and he used moving pictures and stereoscopic slides to drive home his argument last night.

"Efficient business methods cause the great majority of losses," said Mr. Burns. He then cited figures to prove this fact, showing that last year 1,900 merchants failed. "This means forty failures every business day; one every fifteen minutes." Particular emphasis was laid on the value of newspaper advertising to the retail merchant in the lecture. Mr. Burns said in part: "More people can be reached often and at less expense by newspaper advertising than by any other medium. But don't spend a few dollars advertising, and then say advertising doesn't pay. Make advertising a continuous policy of your store, and you will not be disappointed with results." The proper method of preparing newspaper advertisements was shown by Mr. Burns.

Window display problems, efficiency of clerks, store organization, selling methods, system in retail business, and delivery problems were also discussed in an interesting manner. The three reel motion picture film, "Troubles of a Merchant, and How to Stop Them," which was in connection with the lecture, was a big feature of the evening. Expert actors from the Hawaiian company portrayed the characters in the film, which was prepared by The National Cash Register Company at an expenditure of \$30,000. In a vivid manner, the troubles of a merchant who conducted his store along out-of-date lines were shown. Although this particular merchant was slaving along 14 hours a day, yet he was on the verge of bankruptcy, with no prospect of ever succeeding. Yet, by eliminating his leaks and losses, he rose to success in a financial way. The chief character in the film was Mr. White, a merchant. His store was located in an old, unattractive building. High windows prevented a good display of merchandise.

AFTER SIX YEARS

Richmond Testimony Remains Unshaken.
Time is the best test of truth. Here is a Richmond story that has stood the test of time. It is a story with a point which will come straight home to many a man. Mrs. Jas. Wright, 1119 Roosevelt Avenue, says: "I had heard Doan's Kidney Pills highly spoken of in England and when I had trouble with my back and kidneys, I got some at the Richmond Pharmacy. Besides the annoyances from backache, I often felt dizzy, was tired all the time, lacked strength and ambition and my kidneys were disordered. Doan's Kidney Pills relieved all the distressing symptoms and I soon felt better in every way. I later had an attack of rheumatic pain in my feet and ankles and they were swollen. I again used Doan's Kidney Pills and they removed the uric acid from my system, banishing me in every way. (Statement given January 25, 1918).
LASTING BENEFIT
On May 31, 1918, Mrs. Wright said: "The benefit I mentioned in my former recommendation has been permanent. Doan's Kidney Pills are certainly fine."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wright had. Foster-McLure Co., Mfgs., Buffalo, N. Y.—Adv.

HUN DRIVE EFFECTUALLY CHECKED

battle front last night by delivering a series of successful attacks in the Givenchy-Festubert sector that drove the Germans from some of their advanced positions, the war office report said today. Givenchy is immediately north of La Bassee canal two miles west of the town of Givenchy. The fighting spread southward to the Scarpe river zone where the British were successful in minor enterprises, capturing machine guns and prisoners. German counter attacks were repulsed. The Scarpe river lies east of Arras.

The German bombardment on the Flanders front was centered north of Merville, near the tin of the Lys salient where the British positions were heavily shelled. The British artillery was active against troops and transports moving behind the German lines and severe damage was inflicted.

HEAVY BOBARDMENT

On the Picardy front the German guns bombarded heavily the French positions around Castel and Grivesnes. It was in the Castel section that the French made their big gain on Thursday, advancing to the edge of the village. The German war office stated last night that the situation was unchanged and that the French had not renewed their infantry assaults.

Further indications have developed that the Flanders battle will be extended to the northern end of the Belgian line. German patrols have become active in that district and the German war office claimed the capture of some Belgian prisoners.

Throughout Friday the weather on both the Picardy and Flanders battlefields was very bad. The German attacks are gradually losing their force and the second phase of the grand offensive is ending with the allies the strategic masters.

MRS. DILLEY DIED OF HEART TROUBLE

The coroner's jury summoned last night by Judge John Roth, who conducted the inquest, over the death of Mrs. Mary Dilley, instead of Coroner Clark Abbott who is at an Eastern Cantonment preparing to go to France, returned a verdict that the lady came to her death by reason of a rupture of a blood vessel of the heart.

The funeral of the dead lady was held this afternoon from the Mortuary parlors of Bert Curry, Interment in Sunset View cemetery.

VICE PROSECUTOR WILL INSIST THAT RICHMOND BE IN FIFTEEN-MILE DRY ZONE

Edwin E. Grant, executive of the State Law Enforcement League, is coming to this city next Wednesday evening to tell the people of vice conditions here at a mass meeting which has been called by Mrs. Clara Wilson, president of the Women's Christian Temperance Union for Richmond. Mrs. Wilson told the Record-Herald this morning Grant will give the people in detail at this meeting just what vice conditions he found in and around Richmond and that he will request us at that time to pass resolutions asking Secretary Daniels to order a fifteen-mile zone around Yerba Buena Island, in order to protect the morals of the naval cadets. Mrs. Clara Wilson declares that the statement of the police and other officials of this city that they did not know of existing vice conditions here, is a ridiculous one they should be ashamed to make. She believes they know of all the deadfalls in the city and that they are conducted to some degree, at the least, under the protection of the constituted authority of the municipal administration. Mrs. Wilson cited the case of the trial of the owners of the Pullman Bar as an example. This trial took place in Martinez and a number of policemen from Richmond testified in the case and all to the effect that the place was run in an orderly manner, despite one of the proprietors told the council in session that he had sold liquor to Cordis while that individual was under influence of liquor. It seems to be a matter of protecting the saloons, regardless of the rights of the individual or his family. The Grant mass meeting will be conducted in either the Lincoln Auditorium or one of the churches. Professor Helms, who has charge of the auditorium, was not in town today and for that reason no definite location for the big mass meeting had been determined upon. However, further announcement will take place in the early part of the week.

CONTRA COSTA RICH IN MINERAL

It doesn't seem possible that Contra Costa county has thousands of tons of minerals that are very valuable for war purposes, says the Walnut Creek Courier. A bill is now in congress to make the United States independent of the world during this war, and encourage the production of necessary ores, metals and minerals which have been imported in the past. The measure is intended also to enable the government to conserve the supply, control and distribution and necessary to fix the price of minerals.

P. W. Pyne has stated that this county has unlimited quantities of drataceous earth and pyrites, and has received letters from prominent mining firms who have tested the deposits and the assays run high. It is stated that there are only three places in the United States where pyrites is found, and near Clayton is one of the spots. Pyrites is used in making sulphuric acid. It is claimed that during the war the United States will need about nine billion tons annually to meet our needs in the manufacture of munitions. In the past Spain has furnished this country with this material. Drataceous earth is also needed. It could be mixed with concrete, and take the place of shale in making concrete ships. This earth is one-fourth lighter than shale and a slab of this mixture would float in lightness about 75 per cent. Drataceous earth is a fish deposit which is fire proof and is not subject to contraction or expansion. Railroads and water are near, and the lightness of the product makes it possible to market it at a profit.

These valuable minerals are at hand and why not have flourishing mining camps with several hundred men employed for summer makes its appearance.

MRS. WHITEBECK WILL CONDUCT THE PROGRAM

Mrs. Alice G. Whitebeck, county treasurer, will conduct the program for the Richmond club on Saturday afternoon at 3:30 o'clock. She will review one of the latest sellers, Jean Gilis and the sales of the club are looking up. The event, for when Mrs. Whitebeck meets the club they are always of having a pleasant instrument entertainment.
